**We design, manufacture & offer a comprehensive Quality of Cow Mats that are extensively used in dairy farms etc.**

**These are designed and manufactured to provide ultimate comfort, easy use and applicability. Also, the mats are excellent in terms of durability, grip, shock absorption and other characteristics.**

**These mats come with a diamond pattern to minimize slippage and provide firm grip to the hooves enabling them to recover from lameness and give productive environment for the cattle.**

**The grooves on the underside of mat are designed for effective drainage and increased hygiene.**

**These mats are used for Cows, Buffalos, Bulls and Horses.**
